

# Links for New K Parents

Auguston Traditional  
Elementary School

Please refer to the school website <https://auguston.abbyschools.ca> and the district website <https://www.abbyschools.ca/> for the topics below and much more!

- **Abby Schools App:** An app has been released for parents and students in Abbotsford School District: the Abby Schools app is available for downloading on iPhones or Android mobile phones. The app provides the user with announcements, news, events and contact information about any of the district's schools and many district departments. Once downloaded on a phone, a user can choose which school or district department they wish to receive information from. There is an ability to have notifications so parents, students, staff or any user can be aware when new information is posted by the school or district. The new mobile app is directly linked to school and district websites, so once content is published to the website it automatically is pushed to the app as well. The new app is easily downloadable to iPhones and Androids. Search on either for "Abby Schools". Users can follow any number of schools, along with district and department information.

- Get the [app for iTunes](#)
- Get the [app from Google Apps for Android](#)

- **Contact the school:** <https://auguston.abbyschools.ca/contact> & **school office hours:** <https://auguston.abbyschools.ca/about/school-hours>

- **Information about our school and traditional schools:** <https://auguston.abbyschools.ca/about/traditional>

- **Announcements:** <https://auguston.abbyschools.ca/announcements>

- **School Calendar:** parents can download the Abby Schools App as an alternative to the School Calendar (and receive calendar notifications that way) or/and parents can subscribe to the Calendar listing by selecting the icon at the bottom of the Calendar on the website.
