January

4. On behalf of Brenna, Brianne and I (Heather)... please thank the PAC for their generous reward and (more importantly) their support of the food drive. We all feel proud to give back to our community!
5. Many thanks for the support of the skating and pancake lunch!
 - a. Mostly a success –
 - i. Some volunteers were sick
 - ii. Firefighter volunteers with cook plate didn't show up
 - iii. Bussing issue – our busses didn't come back for the second group which caused a crunch as all of a sudden EVERYONE had to be fed at the same time

- b. Through it all our volunteers jumped in and made it amazing and for that we have huge thanks and appreciation!
 - c. We did have our second group make up their skate on Jan 19th and had a great time! (and the buses were free this time!)
 - d. Final costs:
 - i. Skating \$97.02 x 2 days (tried to get the district bussing to cost as it wasn't our mixup, we can cover the second day if needs be)
 - ii. Rentals of skates and helmets were covered by parents
 - iii. Food and supplies – Costco, Home Depot (bins to mix) and Lepps (sausages) total \$861.27
 - iv. Bussing \$412.50
 - v. Were able to use \$56.37 from an old grant we had and \$130 from our affordability grant.
 - vi. Total cost: \$1467.81
Total paid: 186.37
Total leftover \$ 1281.44
6. Moana Jr. – whole school field trip to the Yale Production of Moana Jr. on Feb 13, charging students for bussing and performance, \$9 each for the show plus bussing. Permission forms should go home early next week
7. MDI and SLS – grade 4s and 5s are currently completing the Middle Years Developmental Instrument (gr 5 through UBC) and Student Learning Survey (gr 4's through Ministry of Education and Child Care). Province wide grade 4 and 5 students are participating in these surveys about student learning, whether they feel connected in their school, after school activities, nutrition, etc. Parents have the option of opting out of the MDI (notices went home in November) and the surveys are optional and student data is protected. These give us an indication of needs in the community (ie more options for student activities, food programs, etc)
- a. There is a parent portion of the Student Learning Survey as well:
<https://www.awinfosys.com/SurveyFull1/central/main/access.asp>
8. We would love a Gaga pit! Or maybe even two!! (one primary and one intermediate) There is even talk of setting up a Traditional School tournament in the spring as we all try to install these pits. (video) Pricing: 24" high is \$412.50 USD plus shipping and 30" high is \$487.50 USD plus shipping. Total would be \$900.00 USD plus shipping plus \$800-1000 per pit for the set up and lumber costs by our works crew. This game is a hit amongst all kiddos and another option for fun out there on the playground. We would place them temporarily and then be able to move if necessary once our expansion plans are more finalized.
9. Fusion West Lacrosse is booked to present to all classes on May 17/18. The price would be \$375 / day so x2 = \$750 + GST
10. One book one school – in this initiative (done at other schools), each family receives a book to follow along with and we have staff members read one chapter each and post the recording on the website. From there classes do activities, we can have a dress up day at the end, we do a

celebration of our reading, we can have contests for trivia questions....all sorts of cool activities can be incorporated. We are doing the Reading Olympics in February and March is Spring Break. We are wondering if PAC would buy books so that we can do this in April or May?

11. Staffing

- a. approved for another EA for support – yay – we now have 6 EAs allocated to us
- b. still working on full coverage – we have 1.6 coverage at this point with 2 days a week if there is someone available (shortages everywhere)
- c. one teacher going on medical leave next week – already arranged coverage
