Education

## Auguston's Ready Set Learn Event on Thursday, May 25

Welcome to Kindergarten at Auguston!

We are looking forward to meeting you and your child at our **Ready Set Learn event**. We will be working together in the library for approximately one hour.

Your child will participate in a story time with a small group of children. Parents are asked to remain in the library during this time. There will be some forms for parents to complete while the children are busy with the teachers. We will also have some stations for you to complete with your child containing literacy and math activities. The children will receive a FREE kit of materials to use for developing Kindergarten readiness skills at home.

Please arrive a few minutes before your scheduled time.

### Kindergarten Teachers
